Profile

Fourth-year BSIT student at Cordova Public College who builds web and mobile applications. My projects include an educational medicinal-plant platform, a browser-based ID photo editor, and a camera app. I am interested in AI-assisted development and practical tools for everyday use.

Technical skills

Frontend: Next.js, React, TypeScript, Tailwind CSS
Backend & data: Node.js, Express, PostgreSQL, Prisma
AI, search & live features: Gemini API, RAG, pgvector, Socket.IO, Cloudinary
Other project tools: Flutter, Kotlin, CameraX, PWA

Selected projects

HerbalAI | Capstone thesis project | herbalai.site
An educational Philippine medicinal-plant library with a source-grounded AI assistant and community features.
Stack: Next.js, Express, PostgreSQL, Prisma, Gemini API, pgvector

Porma Studio | Side project | porma-studio.vercel.app
A browser-based ID photo editor for fitting formal attire and creating print-ready sheets, with processing kept on the user's device.
Stack: React, TypeScript, Vite, PWA

Digicam | Side project | digicam-pocket.vercel.app
A film-inspired camera and photo editor with local projects, available as an Android beta and web edition.
Stack: Flutter, Kotlin, CameraX

FCFS Scheduler | School project | fcfs-nine.vercel.app
A First-Come-First-Serve scheduling visualizer with real-time Gantt charts.
Stack: Next.js, React, Tailwind CSS

Education & leadership

Bachelor of Science in Information Technology
Cordova Public College | 2023 - present | Fourth-year student
Class councilor - BSIT 4B, Cordova Public College

Experience

Head Waiter | Virtucio Caterers | 2023 - present
Lead the service team in communicating with clients and providing attentive service.

Certifications

Creative Web Design | TESDA | June 2024
Cookery NC II | TESDA | March 2024
